Bismarck will have \$9,000 hotel. Jackson needs just such a hotel, with all the modern improvements.

Stoddard county has now five roller process flouring mills with a daily capacity of over five thousand barrels, which requires over five thousand bushels of wheat for each full day's run. Every bushel of wheat should be turned into flour before shipment.—Bloomfield Courier.

Judge Fort, in disposing of the "Ringer land cases" for this term, made the statement that he did not intend to take them up for trial until the two cases now pending in the supreme court, which raised the same legal and equitable question, are decided, thus avoiding a multiplicity of suits to determine the same question.—Bloomfield Courier.

Poplar Bluff is anxious to have Mr. Houck extend his road northwest of Campbell to that place and a correspondent says that it will secure the location there of a brick and terra cotta plant and a queensware plant. The road now runs to within 10 miles of the Bluff and a lumber yard, 7 miles long, could be utilized, and so only about 9 miles would have to be built.

Edward Keith, a prosperous farmer, about 38 years old, was found dead in his granary, near Libertyville, St. Francois county, September 14, with the top of his head blown off. His gun, with a discharged shell in it, was lying across his body; but his friends think that he was murdered by thieves who were stealing his wheat. His wife did not hear him when he left the house, during the night in his sock feet.—Ex.

## Good Advice for Republicans.

Give your aid and best efforts to foster and build up the organization of the republican party in Missouri. Every man who has the best interests of the state at heart should take hold and work to that end, always remembering that when you do for the republican organization in Missouri you are doing a noble work. The state ought to be redeemed and it will be redeemed if every member of the party does his whole duty. The whole vote and a square and fair count will reveal the fact that there are more republicans in Missouri than there are democrats; therefore there is no good reason that we should not carry the state the next time, if we are not cheated out of the franchise which ought to be freely exercised by every citizen of Missouri. Begin now, if you have not already commenced to do good work for the republican party. Its success at the next election will count immensely to the welfare of the people and add greatly to the advantage of the state.—Carrollton Republican-Record.

## "NERVE WASTE."

"One of the most helpful books on nerve weakness ever issued is that entitled "Nerve Waste," by Dr. Sawyer, of San Francisco, now in its fifth thousand. This work of an experienced and reputable physician is in agreeable contrast to the vast sum of false teaching which prevails on this interesting subject. It abounds in carefully considered and practical advice, and has the two great merits of wisdom and sincerity."

It is endorsed by both the religious and secular press. The Chicago Advance says: "A perusal of the book and the application of its principles will put health, hope and heart into thousands of lives that are now suffering through nerve impairment." The book is \$1. by mail, postpaid. One of the most interesting chapters—chapter xx, on nerves and nerve tonics—has been printed separately as a sample chapter, and will be sent to any address for stamp by the publishers, The Pacific Pub. Co., Box 2658, San Francisco.
